WELL DONE

The Board of Directors chosen by the stockholders of the new hotel company is composed of business men, men who will look after the interests of the company and will place the company's money where it will count most.

Monday evening following their election the members of the board met and organized by electing Hon. J. A. Judy as president and H. G. Hoffman, secretary. With the organization effected the question of hotel location was presented and the decision to postpone indefinitely the selection of a site was agreed to on the ground that the locations available were at such prices as prohibited them from consideration. Now is the time for our people to use their heads to aid in securing a site that will produce best results. The action of the board meets with general approval and from this decision we see that the board is painstaking with its trust.

As we have said before, we repeat the question of dividend-earning capacity and that of advertising the city of Mt. Sterling are essential points and to arrive at these points there are many steps to be taken in order to get most out of the money to be expended. On some locations the cost of construction is heavier than at others. The foundation and its cost are essential, how much earth is to be removed and how much stone will be required and the cost to make a sure foundation. Then the salvage question enters greatly into costs and this the committee will figure before it decides on the location. Another item of interest is at what point can business rooms be made in the building that would bring greatest revenue to the company. We have mentioned a few of the essentials, which go to show that the board has an onerous job and we believe they will perform their duties well. We are sure of this: They will count the cost and give to the stockholders all that their money could buy, giving to Mt. Sterling an attractive and modern hotel building at the correct site.

A GREAT SERMON BY AN EX-PASTOR

In our Tuesday issue we expect to reproduce a sermon of Dr. J. Pike Powers, former pastor of the Baptist church in Mt. Sterling, delivered after he had passed his eightieth year. It is a remarkable production and many of the friends of this former pastor will read the sermon with delight.

DON'T SELL YOUR

WAR SAVINGS STAMPS

Owners of the 1918 issue of war savings stamps are being advised by Postmaster Turner to hold them until their maturity on January 1, 1923, about eight months hence. In that period they will earn over 13 per cent per annum on the average cost price, it was pointed out.

To give some idea of the advantage of holding these 1918 stamps until their maturity date, Postmaster Turner stated that \$11,000 worth of the stamps, costing \$836 in 1918, are worth \$926 during the current month, but in eight months they will be redeemed in cash by the government for \$1,000, or \$74 more than their present cash value.

In order to finance the redemption of these stamps the treasury department is issuing a series of treasury savings certificate in denominations of \$1,000, \$100 and \$25, costing \$800, \$80 and \$20 each, respectively. These certificates run for five years and pay 4 1/2 per cent interest compounded semi-annually, and are free from all state, county and city taxes, and Postmaster Turner states that he can supply any desired quantity of these certificates.

Have grazing for three more cows.
-L. E. Griggs.

IMPROVING

William Mason is improving his residence on Holt avenue by adding a sleeping porch.

Dr. Koch thinks is unfair for a man to have to endure the flu in a bone dry state.

J. V. Swope, Kiddleville, has sold ten small steers, weight about 425 pounds, at \$26 per head.

Some men are overworked because they have to hustle to make up the time they waste in telling how they are overworked.

When a woman needs a garter, she can tear the hem off an old sheet. But when a man needs a garter, he has to have a garter.

What has become of the old-fashioned man who used to say that they could make it faster than you can drink it?

A wife doesn't worry much about her husband's thirst when she is out of town on a trip. But she will worry herself sick for fear he will forget to water the fern.

Don't fool Satan unless you are a good hand at fighting fire, and even then you're likely to play a losing game. Best thing to do is to keep ten miles ahead of Satan—if you can.

Mt. Sterling, Ky., April 19, 1922.

To the Mt. Sterling Hotel Company, Mt. Sterling, Kentucky.

Gentlemen: As a partial site for the Mt. Sterling Hotel, I make you the following offer: My lot on the northwest corner of South Bank and West Locust streets in the city of Mt. Sterling, fronting on Bank street, a distance of 24 feet and 9 inches, and on West Locust street, a distance of 100 feet, with right of way over 14 feet of ground in the rear or west side of same the full width of said lot, and also in rear of the lots offered by the Hon. R. A. Chiles, and said lot is bounded on the north by the three lots offered you, all for the sum of \$2,500, and will agree to take the whole of said sum in stock in the hotel company at par, and will further agree if you accept my proposition and the hotel is built on my lot and that of the said R. A. Chiles to underwrite for five years four business rooms in said hotel, if they each have a frontage of 20 feet on Bank street and a depth of 60 feet, and pay for same the sum of \$2,000 per annum.

On behalf of the location for the hotel I want to say that it is located one square from the C. & O. station, where all passengers coming either way through the city can see the hotel, and it will forever be an advertisement for the city; that the location is one square from the postoffice, one square from the opera house and in a new portion of the city; that it is in line of the progress and growth of the city, where you can secure the best of sewerage for a basement or sub-basement attaching to the sanitary sewer, and has in front of it the only complete storm sewer in the city; has connections already in, and is paved on both sides with brick paving, and on the four lots on them can be built a hotel that will be a credit to the city and a paying investment for the stockholders who have, in a way, been actuated from civic pride more than financial gain to put their money in the enterprise, and will be so contiguous to the Midland Trail, soon to be finished, as to be seen not only by all tourists who may visit our city, but by all who come and go through it over the C. & O. railway, and be located on the widest street in the city, and one now traveled more than any other in it. In the event the hotel is built on these lots I will remodel and make attractive my buildings on the opposite side of Locust street. Yours very respectfully,

H. CLAY MCKEE.

BUYS AUTOMOBILE

W. B. Day has delivered a handsome Oldsmobile coupe to Mrs. R. G. Owings, of this county.

"A MAN'S HOME" PICTURE

INTRODUCES NOTABLES

What is regarded as one of the best cast screen plays of the year is the forthcoming Selsnick special, "A Man's Home," which will be at the Tabb Theatre Friday night. In addition to its notable cast, the picture is said to tell an unusually strong dramatic story, written by Anna Steese Richardson and Edmund Breese, and the picture has had the advantage of the directorial genius of Ralph Ince, who personally supervised the filming of the picture.

The cast for the production was selected from the wide field that only Broadway can present to the cast-in director of a photoplay. The characters were all outlined and studied with a view to fitting the individual player to the essential parts—and there were seven roles that demanded most intelligent interpretation. In order that the story might be visualized efficiently.

When the cast was completed it was found that there was a very desirable blend of both talent and "names" in the assemblage—names that are known to "fans" the country over. Harry T. Morey, who has been a screen star for years, and Kathryn Williams, one of the best known women in pictures, interpret the leading roles.

A REGISTERED SHORT-HORN SERVICE BULL

Wildeye Duke 1048611, color, roan, 15 months old, weight 960 pounds, sire, Maxwalton Matthew III, C99909, dam, Wildeye AA 44865. Service fee, \$2, due when cow is turned in. Why not breed to registered stock?—L. E. Griggs. (54-21)

GOOD CATCH

Mr. and Mrs. J. D. Turley spent two hours fishing on Stoner creek this morning and returned home with a good catch. One of the fish, a newlight, weighted just a trifle less than two pounds, which is unusually large for that kind of fish.

WILL IMPROVE

Lafe Risner will take down the old landmark, the Kelly property, on Queen street, near Locust street, and will build either a business house or a modern residence.

Mt. Sterling, Ky., April 19, 1922.

To the Mt. Sterling Hotel Company, Mt. Sterling, Kentucky.

Gentlemen: I make you the following offer for a site or partial site for the proposed hotel.

Will sell you the lot on East Main street fronting on said street, a distance of 49 feet 9 inches, and with a depth of approximately 200 feet, said lot lying and situated on the east side of the Baumont hotel, for the sum of \$2,500, and will agree to take in payment for same the whole of said sum in stock of the hotel company at par, or I will sell you the Baumont Hotel, fronting on East Main street, a distance of 50 feet, more or less, with a like depth of 200 feet, more or less, for the sum of \$15,000, and take in payment for same the sum of \$2,500, the balance to be paid in cash when the deed is made, or I will sell you the vacant lot named above, the hotel proper and the building on west side, three stories, with basement, for the sum of \$21,000 and take in payment for same sum of \$5,000 in stock in the company and the balance of \$16,000 to be paid in cash when a deed is made.

I think there is a right of way from rear of the hotel to Locust street and if so, it goes with the deal.

There is now upon the lot an oil well with 150 feet of oil in it, and also has natural gas flow, which if properly looked after might prove worth more than I am asking for the entire property.

The Baumont Hotel has a basement and a foundation, sufficient, as I am advised, to carry a building four or five stories in height, and is directly on the Midland Trail, and contiguous to the new Standard Oil refilling station and only a half square from the business center of the city, and near the M. E. church.

The hotel proper can be rented for \$2,000 together with the adjoining buildings, and used as a hotel while you build the new one on the site on east side of same, and if need be when the new hotel is built, if it has not sufficient room, make of the second story an annex for the accommodation of its guests and have five store rooms for rent, using the entire first floor of the new hotel for hotel purposes only.

The excavation is already made and in front of the lot is an area way costing \$1,000, and the hotel has sewerage connections, electric light and

USED CARS

The following is a list of used cars which we have taken in on trade for new Studebakers. They have been overhauled and are guaranteed to be in good mechanical condition. If in the market for a used car, you can't beat these. Come in and see them.

BETTER PRICES FOR TOBACCO

Better prices for Burley Tobacco already have been paid on account of the organization of the Burley Tobacco Growers' Co-operative Association.

Men who remained outside the organization shared in the benefits accruing from the better prices due to the organization of the Association, there is mighty little doubt about that.

Your banker, your merchant, your professional men, all favor the plan on which this Association was organized. The growers who have delivered their crops are pleased with the result. Ask any of them.

There are now more than 55,000 growers of Burley Tobacco who have come to the definite conclusion to drop the old wasteful dumping system of selling their tobacco and to adopt the modern, sensible, business-like merchandising plan so successful wherever it has been given a fair trial.

The only people who are asking you to stay out of the Association are those who would profit by your staying out. YOU will not profit, but THEY will, and they know it.

Come join your neighbors in this movement and let's make it unanimous. For information and contract write to
